

NingXia Wolfberry (Goji Berry)

Our puree is cold pressed from whole fresh goji berries within 6 hours of picking. It is not blended, or reconstituted. It contains skin, flesh, pulp & juice, which is the only way to get whole benefits of the berries.

Real Taste! Real Results!

117000

Absolute Red NingXia dried wolfberries are in the highest grade (230berries/50g). They are large in size, red in colour, and sweet in taste, more flesh less seed. They contain more polysaccharides than any other wolfberries.

117015

Using proprietary process developed by our scientists, "Absolute Red " wolfberry powder is ground from whole frozen wolfberry fruits, and preserves as much nutrients as possible. It is pure, no added other fruits, preservatives, flavours, and colours.
